

“RICE MOCK TEST PROGRAMME”

RICE started its journey in the year of 1985 and today **RICE** serves as the premier institute helping around 80,000 students to be placed in various government sectors.

OBJECTIVES:

- It has been found that many live in remote location and are not having access to the **RICE** Education programme.
- Students have strong dedication and the talent to be successful in various competitive exams.
- **RICE** want to help them to ensure their success in life and that is why **RICE** and its associate **ADAMAS CAREER** have designed a unique, simple yet affordable **MOCK TEST** program in West Bengal. (see list below for a list of centres)
- Each **MOCK TEST CENTRE** will organize series of mock tests along with guidance on syllabus of the exam and continuously will inform the students regarding their current preparation level and help them to understand how and when to accelerate.
- **RICE** is offering various mock tests for various exams (**Only mock test, not class**) which will be affordable and helpful for the students.
- **RICE** mock test programme is designed to be more open-ended that resemble the test questions that students face throughout the year in various examinations, or in the period just prior to the test.
- In sum, **RICE** will instill confidence in the minds of students resulting in a process of continuous self evaluation and consequential improvement.
- Ultimately the **MOCK** test programme holds great promise as **RICE** considers it an easy and convenient way to get the students preparedness tested.
